

SEDIV SCCA

TO: All SEDIV Licensed Drivers

From: Jim Creighton, SEDIV Permanent Numbers Administrator

Re: 2009 Permanent Numbers Guidelines

The application form for 2009 SEDiv Permanent numbers is posted on [www.SEDivRacing.org](http://www.SEDivRacing.org) . It will not be mailed. ALL SEDIV LICENSED DRIVERS MAY APPLY FOR A NUMBER. NUMBER RENEWALS, SAVE YOURSELF SOME PROBLEMS – **FILL THIS OUT NOW!!!!** DON'T LOOSE YOUR PERMANENT NUMBER. THE DEADLINE TO APPPLY and keep your permanent number is **12-15-2008**. All applications must be received by 12-15-08 **There will be no grace period**. If you have not renewed by 12-15-08, you may loose your number to a new applicant.

Please note that there is a **\$20 fee** for applying for a permanent number. All applications must be mailed and \$20 cash, check or money order made payable to SEDIV SCCA must accompany the application. Cash may be sent but is at your own risk. No faxes or telephone applications will be taken. The \$20 fee will be used for administrative fees associated with permanent numbers. Any excess will be used by the SEDIV for other administrative programs as directed by the SEDIV RES.

Please note that the same number is assigned to more than one driver based on the tracks at which that driver may compete and whether a driver competes on the national level or regional level. In simple words, if a driver enters only Regionals in the south end of the division, then that permanent number will be only for the tracks in the south end of the division and only at regional races. Someone else may have the same number assigned for National races and another driver that same number for Regionals in the north end of the division. This will make the numbers go much further in several of the groups that have far more cars than numbers available for assignment. Due to the volume of cars in Group 5, no one will receive a number assignment for both north & south tracks.

**Renewal number assignments will be posted on the SEDiv website, [www.sedivraciing.org](http://www.sedivraciing.org) 12-1-08 & 1-1-09.**

Numbers will be assigned on the following priority basis when duplicate number requests are received at the same time.

1. Renewals should have competed in four sanctioned races.
2. National competitors having attended the Runoffs
3. SARRC competitors attending the SIC
4. National competitors not attending Runoffs.
5. ECR competitors.
6. SARRC competitors not attending the SIC.
7. All other competitors on a first received basis.

**New applicants please note.** You must fill in all seven of the choices for a number. If none of these are available, I will contact you with numbers that are available at the time you apply. I can hold new applications until the 12-15-07 deadline to see if one of your choices becomes available but the chances of receiving a number become less the longer you wait. You can check for unassigned numbers for 2008 at [www.sediracing.org](http://www.sediracing.org).

Note: Numbers not assigned in 2008 will be assigned on a first received basis.

**NOTE: NO \$20- NO PERMANENT NUMBER!**

Please complete the entire application form and return it with your \$20 payment to:
